

We had a great cruising year with so many active boaters. Let's carry that forward for 2023! Many of us have chatted about our favorite destinations and new ones to be experienced. We've put together a destination wish list...but, that list isn't complete without your input.

Truly the best way to ensure that your highest desired destinations are added to the plan is to volunteer to be the cruise leader for a destination. If we all take a turn organizing a cruise, you are bound to enhance your enjoyment on the cruise. And it certainly adds to the fun and creative ideas for the entire group of boaters.

Tadd and Karen are planning to book the month of April at the New Bern Grand Marina and the Washington Waterfront for the month of May. As those plans firm up, we can add New Bern to the Wish List as an option.
