

## **Marine Flea Market**

**May 18, 2024**

**Time: 9:00 AM to 1:00 PM**

## **Chocowinity Fire/EMS Spring Heat Car & Truck Show**

We are excited to announce that ABC-Pamlico will participate in the annual Chocowinity Fire/EMS Spring Heat Show. We participated as a Marine Flea Market in 2021, which was a great success and we're set up to join them this year. This is an annual event with a very large turnout that can provide us all with a terrific volunteer effort plus a fun day exploring the Spring Heat Show.

**Let's get started on our plan for spring cleaning and re-organizing.  
Time to clear out, recycle and donate items you will no longer use.**

### **What we need.....**

Donations of all your old or new boat gear that you no longer use. Anything marine related, loosely related or things that may be of interest to other boaters. Life jackets, cushions, fishing gear, charts, lines, anchors, books etc are all appropriate. Cruise through those lockers and garages and other storage areas while doing your spring cleaning and box that stuff up for the Flea Market. And don't forget the galley items, chairs and pictures that are all excellent items for sale. If you've attended in the past, you know most anything goes. Who knows what recycled treasures we'll find!

### **Who we need.....**

Volunteers! Beginning 8:00 Members are needed to set up tables, price items for sale and display the items donated, as well as man the booth. Following that, we will need volunteers in 2-hour blocks of time from 9:00 AM to 1:00 PM Saturday afternoon. This is quite the social event...great opportunity to catch up with friends. Call Mike or Walt to get your name on the volunteer list. We'll have a good time, earn some money for the squadron and talk with local boaters regarding boating education, etc.

### **Where we need it.....**

We can arrange to pick up items anywhere in the immediate area. Simply call Mike or Walt. You may also bring items to donate to the Market early that Saturday morning, but keep in mind the parking lot will be very crowded with the car show attendees.
