

America's Boating Club™ Pamlico Sail & Power Squadron

Students at Northeast Elementary School in Pinetown, NC received their awards from their participation in the 2019 America's Boating Club™ Youth Poster Contest organized by the local Pamlico Sail & Power Squadron. The purpose of the contest is to encourage children to think about boating safety when enjoying all boating activities. Those activities could be power boating, sail, paddling, personal watercraft, etc. They were asked to design a poster that would illustrate the following theme and 314 children participated in the contest.

"America's Boating Club Saves Lives"
